MEMORANDUM FOR: Comptroller, DPD-DD/P

SUBJECT : TDY Quarters, Case of [REDACTED]

25X1

25X1 1. While the writer was at [REDACTED] during the week of 17 August 1959, it was determined that the effectiveness of the subject personnel was being impaired through their occupancy of transient BOQ quarters. This was the result of the fact that transient personnel (pilots, etc.) were entering and leaving these quarters at all hours, particularly at such times as subject personnel were attempting to get a nights sleep. This occurred in two instances when [REDACTED] had worked as late as 1:30 a.m. unloading aircraft and were expected to carry out their days work on the following day.

2. In addition to the foregoing there was the ever present Security problem associated with joint occupancy of these quarters by Project personnel and uncleared personnel.

3. In view of the above, the writer deemed it in the best interests of the government that these personnel occupy quarters off base and they were so directed.
